## **Notice of Staff Pre-Rulemaking Workshop on Updates to the Power Source Disclosure Regulation (Rescheduled Date)**

On January 17, 2018, the California Energy Commission posted a ***Notice of Staff Pre-Rulemaking Workshop on Updates to the Power Source Disclosure Regulations***, to inform stakeholders of an upcoming workshop scheduled for January 29, 2018. Due to a scheduling conflict for stakeholders, the Energy Commission is rescheduling the workshop for:

**February 1, 2018**  
1:00 p.m. (PT)  
CALIFORNIA ENERGY COMMISSION  
1516 Ninth Street  
First Floor, Arthur Rosenfeld Hearing Room  
Sacramento, California  
Wheelchair Accessible

Remote Access Available by Computer or Phone via WebEx™  
(Instructions below)

Discussion topics include:

- Greenhouse gas (GHG) emissions intensity factor methodology
- Treatment of Renewable Energy Credits (RECs), including unbundled RECs, in power mix and GHG emissions accounting
- A GHG emissions intensity factor adjustment for regulated entities that meet certain provisions in the statute
- Anticipated revisions to the power content label and Power Source Disclosure (PSD) annual reporting templates
- Other potential revisions to the PSD Program Regulations

The agenda will be made available prior to the workshop.

## Background

The California Energy Commission plans to institute a formal rulemaking to consider modifications to the Electricity Generation Source Disclosure regulations, Title 20, California Code of Regulations, section 1390 et seq. These regulations implement a program referred to as the Power Source Disclosure Program (PSD Program) and the regulations are referred to here as the PSD Regulations. The PSD Program requires retail suppliers to disclose to consumers the sources of electricity in their products compared with the mix of electricity sources providing power for California as a whole. The PSD Program was initially authorized by Senate Bill 1305 (Sher, Chapter 796, Statutes of 1997) which required retail electricity providers to disclose quarterly and annual fuel mix information to retail customers in the form of a Power Content Label (PCL). The PSD Regulations were amended through a formal rulemaking in 2016 to address statutory amendments and to make improvements in response to feedback from regulated entities and retail consumers.

Under AB 1110 (Ting, Chapter 656, Statutes of 2016), the PSD Program will additionally require retail suppliers to disclose to customers the greenhouse gas (GHG) emissions intensity factors of the retail supplier's electric service portfolios and the quantity of unbundled Renewable Energy Credits (REC) procured by the retail supplier in association with its electric service products. Retail suppliers will begin disclosing their GHG emissions intensities on the PCL in 2020 for 2019 calendar year data. The planned rulemaking will address the statutory requirements of AB 1110 as well as revisions to clarify existing provisions, improve program operations, and streamline reporting requirements.

Energy Commission staff held a workshop on February 21, 2017, to initiate pre-rulemaking activities and solicit input on several scoping questions under consideration for the AB 1110 implementation process. On July 14, 2017, Energy Commission staff held another workshop to present a pre-rulemaking implementation proposal for AB 1110, which was developed in consultation with the California Air Resources Board and stakeholder input to the scoping questions.

Energy Commission staff will use the workshop on February 1, 2018, to present a revised proposal for the implementation of AB 1110, as well as other programmatic updates to the PSD Program. Energy Commission staff developed the revised implementation proposal in consultation with the California Air Resources Board and with consideration of feedback from the California Public Utilities Commission and public comments submitted by stakeholders.

The revised AB 1110 implementation proposal and any other related materials will be posted before the workshop on the Energy Commission's website at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=16-OIR-05>.

Development of the amendments to the PSD Regulations is currently in the "pre-rulemaking" phase. As needed, pre-rulemaking workshops are held by the Energy Commission to seek early public input for developing and refining draft regulations. The

“rulemaking phase” commences with the publication of a Notice of Proposed Regulatory Action and proposed regulations. Once adopted by the Energy Commission, the regulations will be submitted to the Office of Administrative Law for review.

## **Remote Attendance**

You may participate in this meeting through WebEx, the Energy Commission's online meeting service. Presentations will appear on your computer screen, and you may listen to audio via your computer or telephone. Please be aware that the meeting may be recorded.

VIA COMPUTER: Go to <https://energy.webex.com/ec>. If this Event is shown on the list of events, click on its "Join" link. If it is not listed, click the "Unlisted Events" link on the left of your screen and enter the meeting number **925 677 473**. When prompted, enter your name and email address. No meeting password is needed.

The "Join Conference" menu will offer you a choice of audio connections:

1. To call into the meeting: Select "I will call in" and follow the on-screen directions.
2. International Attendees: Click on the "Global call-in number" link.
3. To have WebEx call you: Enter your phone number and click "Call Me."
4. To listen over the computer: If you have a broadband connection, and a headset or a computer microphone and speakers, you may use VoIP (Internet audio) by going to the Audio menu, clicking on "Use Computer Headset," then "Call Using Computer."

VIA TELEPHONE ONLY (no visual presentation): Call 1-866-469-3239 (toll-free in the U.S. and Canada). When prompted, enter the unique meeting number above.

International callers may select their number from:

VIA MOBILE DEVICES: Access to WebEx meetings is now available from your mobile device. To download an app, go to:

[www.webex.com/products/web-conferencing/mobile.html](http://www.webex.com/products/web-conferencing/mobile.html)

Please be aware that WebEx audio and on-screen activity may be recorded. WebEx Technical Support is available at 1-866-229-3239.

## **Muting**

We greatly appreciate your cooperation in reducing unwanted noise on the audio connection by muting your line when you are not speaking. Mute your line rather than placing your phone on hold. Using WebEx, you may mute yourself by right clicking on your name in the panelists or attendees list and selecting 'Mute'. If you are only using a telephone connection, press “\*6” once to mute and again to unmute.

## **Availability of Documents**

Documents and presentations for this meeting will be available online at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=16-oir-05>.
