Label questions for 16-OIR-05 AB1110 PSD

Hello,

I am trying to find all power content labels submitted to the CEC to fully comment on 16-OIR-05 AB1110 Power Source Disclosure.

Below are some web pages cataloging the power content labels I have found to date on the CECs website.

Where are the power content labels prior to 2010?

Where are the labels for skipped years?

Where are labels for green products?

Is there a list of all green products sold to California electricity customers?

How are wrong/dead/rotted links corrected?

Examples from PSD History.

http://wwmpd.com/psd/cec/history/index.htm list of LSEs showing skipped years.

http://wwmpd.com/psd/cec/history/01000064.htm example of skipped year.

http://www.energy.ca.gov/pcl/labels/2011_labels/TDPUD_PCL.pdf (wrong/dead/rotted link?)

http://wwmpd.com/psd/cec/history/01000054.htm SMUD's labels, where are the missing green product labels for Greenergy and SolarShares?

http://www.energy.ca.gov/pcl/labels/2010_labels/SMUD_PCL.pdf Default and Greenergy, no SolarShares.

http://www.energy.ca.gov/pcl/labels/2011_labels/SMUD_2011_PCL.pdf Default only, no green products such as Greenergy or SolarShares.

http://www.energy.ca.gov/pcl/labels/2012_labels/POUs/Sacramento_Municipal_Utility_District_2012.xlsx Default only, no green products such as Greenergy or SolarShares.
Why XLSX format instead of PDF?

http://www.energy.ca.gov/pcl/labels/2013_labels/POUs/Sacramento_Municipal_Utility_District_2013.xlsx Default only, no green products such as Greenergy or SolarShares.
Why XLSX format instead of PDF?

http://www.energy.ca.gov/pcl/labels/2014_labels/all_labels/Sacramento_Municipal_Utility_District_(SMUD).pdf Default and Greenergy, no SolarShares

http://www.energy.ca.gov/pcl/labels/2015_labels/Sacramento_Municipal_Utility_District_(SMUD).pdf Default only, no green products such as Greenergy or SolarShares.

http://www.energy.ca.gov/pcl/labels/2016_labels/Sacramento_Municipal_Utility_District.pdf Default only, no green products such as Greenergy or SolarShares.

Do all labels on the CEC website match those sent to electricity customers? How is this verified? How is the sending and receipt of labels to electricity customers verified?

Please explain the skipped years and missing green products.

When you answer the above questions, I will update the PSD History lists.

Looking forward to access to all power content labels submitted to the CEC.

Thanks,

Steve Uhler
