(Instructions below)

Background

The *RPS Guidebook, Ninth Edition,* requires LSEs to use the new RPS Online System for RPS annual verification reporting. The RPS Online System is the platform for submitting WREGIS Reports and Attestations, and for local publicly owned electric utilities (POUs), to submit Annual Summary Reports, contracts, e-Tag Reports, and Hourly Reports. RPS Verification staff will present and demonstrate the following:

- Overall annual verification reporting requirements and deadlines
- LSE reporting, applicable to all retail sellers and POUs, on how to submit and attest to a WREGIS Report
- POU-only reporting, on how to enter, upload, attest to and submit a POU Annual Summary Report, contracts, e-Tag Reports, and Hourly Reports

During the webinar, staff will address stakeholders' specific questions regarding RPS verification reporting via the RPS Online System. RPS Online System users are encouraged to email written questions in advance of the webinar to RPSTrack@energy.ca.gov.
