Mr. Leonidas Payne, Siting Project Manager  
California Energy Commission  
1516 Ninth Street, MS-15  
Sacramento, CA 95814

**Subject: Pomona Repower Project (16-SPPE-01)  
Detailed CSVP Modeling Input and Output Files**

Dear Mr. Payne:

AltaGas Pomona Energy Inc. (Project Owner) submitted responses to California Energy Commission (CEC) Staff's Data Requests, Set 1B on Monday, June 27, 2016. Therein the Project Owner responded to Data Requests (DR) 38 and 39 related to visible plume. In its response to DR39, the Project Owner stated that the detailed Combustion Stack Visible Plume (CSVP) modeling input and output files would be provided on compact disc under separate cover. (See Attachment DR39-1 at p. A-4). As the contents of the disc exceed the e-filing size and do not conform to requisite document formatting, the Project Owner will personally deliver to the Docket Unit on this date five (5) copies of the disc containing the modeling files. The disc is labeled "Pomona Repower Project (2016-SPPE-01) Visible Plume Modeling Files, June 25, 2016." The Project Owner will provide a copy of the disc to any party who makes such a request in writing.

Respectfully submitted,

Kimberly Hellwig

Enclosures (discs delivered in person)
