**Re: Pomona Repower Project (16-SPPE-01)  
Applicant's Status Report #7**

Dear Commissioners and Hearing Officer Dixit:

Pursuant to the Committee's May 26, 2016 Scheduling Order (TN# 211661) AltaGas Pomona Energy Inc. ("Applicant" or "AltaGas Pomona") submits this seventh Status Report related to the pending application for Small Power Plant Exemption ("SPPE") for the Pomona Repower Project (the "Project"). As reported in Applicant's November 15, 2016 Status Report #6, AltaGas Pomona continues to develop specific engineering and design elements of the battery storage project at the Project site. As noted in Applicant's August 16, 2016 Update to Status Report #3 (TN# 212801) and further explained in Applicant's August 18, 2016 Record of Conversation with CEC Staff Regarding SPPE (TN# 212839), depending on the final design for the battery storage project, the project description for the pending SPPE application may be impacted.

As previously reported in Applicant's Status Report #6, once the battery storage plans are finalized and all local approvals have been obtained, Applicant will provide CEC Staff with additional details as to whether changes to the SPPE project description will be required, and the nature of any such changes. Furthermore, AltaGas Pomona will advise of any technical information that may be relevant to CEC Staff's review of the pending Project SPPE application.

The Honorable Janea Scott, Presiding Member  
Hearing Officer Raj Dixit

Applicant will continue to keep all parties updated as to any progress on these issues. In the meantime, should Staff have any questions, please contact Peter Ledig at (469) 904-5208.

Respectfully submitted,

Kristen T. Castaños
