# OEM Consolidated Comment to CEC VGI Communications Standard Workshop 7 Dec 2016

Represented OEMs<sup>1)</sup>:

The represented OEMs include BMW, Daimler, Ford and Volkswagen Group with its Brands Audi, Porsche and VW<sup>1)</sup>:

- 1) fully support the implementation of the international standard ISO/IEC 15118 for AC and DC charging;
- 2) will gradually fit their vehicles with ISO 15118 in the USA;
- 3) are opposing the implementation of SEP 2.0 or any alternative communication standard between the EV and EVSE besides ISO 15118;
- 4) fully support the implementation of an interoperable EV infrastructure, but recommend no California regulatory agency mandate.

1) Additional OEMs have been asked to join the statement, but couldn't get the corporate approval in time. The represented OEMs would like to supplement the additional OEMs as soon as they can gain corporate approval after the holidays.
