Subject: Request to Close Docket Number 16-TRAN-01

Please close docket number 16-TRAN-01, entitled “SB 350 Transportation Electrification (Publicly Owned Utilities).” Documents related to electric transportation in Integrated Resource Planning by publicly owned utilities should be filed in docket number 17-IEPR-07 during the development of the 2017 Integrated Energy Policy Report.

In addition, the record developed in 16-TRAN-01 and 17-IEPR-07 will be available for the Energy Commission’s and parties’ reference in potential future proceedings related to electric transportation. These proceedings may involve policies and programs under the purview and/or interest of the Energy Commission’s Fuels and Transportation Division, which include but are not limited to: Transportation Electrification, the Alternative and Renewable Fuel Vehicle and Technology Program, and Electricity Program Investment Charge. The Fuels and Transportation Division intends to leverage the comments and record developed under these policies to inform its program designs.

Links to the above-referenced 16-TRAN-01 and 17-IEPR-07 dockets will be available on the Fuels and Transportation Division’s “Alternative and Renewable Fuel and Vehicle Technology Program Proceedings” website<sup>1</sup> for the public’s informal reference until such a future potential proceeding is noticed to the Commission’s service lists.
