SUPPLEMENT TO OPENING TESTIMONY

Dear Commissioners:

At the March 18, 2015 Pre-hearing conference, Mr. Kramer suggested we could improve readability of some of the drawings in our Opening Testimony (TN#203856) by using less old fashioned technology to docket them. Following this letter are copies of two drawings from the California Department of Transportation's Final EIR/EIS for the I-5 North Coast Corridor Project released in October 2013 (see document page 114, www.dot.ca.gov/dist11/Env_docu/I-5NCC/Final/i-5_part2_chap2.pdf#page=64). These two new drawings can be used during our testimony instead of the poor reproduction that was copied from the 12/11/14 telephone conversation between CEC Staff and Caltrans (TN# 203484, our Exhibit #4000). Also attached below is the Record of Decision mentioned in item 1) of the conversation between CEC Staff and Caltrans (TN# 203484).

Sincerely yours,

Julie Baker
