Amended Carlsbad Energy Center Project (07-AFC-06C)

Karen Douglas, Commissioner and Presiding Member, Andrew McAllister,  
Commissioner and Associate Member California Energy Commission

Regarding Terramar's testimony and the fact that it was not listed as an Exhibit on Terramar's Exhibit List, I would like to request that it be given an Exhibit number.

As an intervener, I tried very hard to follow all of the guidelines of numbering my exhibits, but I didn't realize that my Opening Testimony was considered an Exhibit or I would have done so. I appreciate all the help that Mr. Kramer gave us all in trying to coordinate the Exhibit #'s and this one fell between the cracks.

I hope that you allow my opening testimony into the record as I worked diligently on it.

I would like to make a motion that it be given an Exhibit # and included in the record.

Respectfully submitted by,

Kerry Siekmann, Terramar
