**TRANS-1** The project owner shall consult with the city of Carlsbad and prepare and submit to **the city of Carlsbad for review and comment and** the Compliance Project Manager (CPM) for approval a construction/~~demolition~~ traffic control plan, and implementation program which **The plan shall be implemented during all phases of construction/demolition and shall** addresses the following issues:

- timing of **truck trips, including** heavy equipment and building materials deliveries, **especially those that would cross the railroad tracks**
- **redirecting construction traffic with a flag person, at a minimum for trucks traveling eastbound on Cannon Road from the SDG&E Service Gate to cross the railroad tracks**
- signing, lighting, and traffic control device placement if required
- **need for construction work hours and arrival/departure times outside and during** peak traffic periods
- ensurance of access for emergency vehicles to the project site
- temporary closure of travel lanes
- access to adjacent residential and commercial property during the construction of all pipelines
- specification of construction-related haul routes
- **safety considerations to avoid blockage of the railroad tracks for specification that large vehicles with eight wheels or more, such as semi-trailer trucks, use the Avenida Encinas exit, not exiting via the SDG&E Service Gate exit, when exiting the site to travel east on Cannon Road to avoid possible blockage of the railroad tracks**
- identification of safety procedures for exiting and entering the site access gate

**Verification:** At least 30 days prior to ~~tank demolition~~ site mobilization, the applicant or contractor **project owner** shall provide **the traffic control plan** to **the city of Carlsbad for review and comment and to** the CPM a copy of the referenced documents **for review and approval.**
