Subject: RE: AMENDED CARLSBAD ENERGY CENTER PROJECT - REVIEW OF ENERGY COMMISSION PMPD/FINAL DECISION ON RECONSIDERATION

Hi Mike – thank you for your email. We are in receipt of the two attachments - the PMPD and the Final Decision. I will assign to staff to review, determine if comments are warranted and let you know if we will be submitting a comment letter for Energy Commission consideration.

Thank you for the opportunity to review these two documents. I will call or email if we have any questions during our review.

You addressed me as “Acting Director” for Region 5, however I am currently the “Acting Regional Manager” just as an FYI and to keep titles accurate. Thank you for allowing CDFW to participate in the Business Meeting today.

SUBJECT: AMENDED CARLSBAD ENERGY CENTER PROJECT - REVIEW OF ENERGY COMMISSION PMPD/FINAL DECISION ON RECONSIDERATION

Dear Ms. Stewart:

Thank you for your participation today in the California Energy Commission hearing on two reconsideration petitions regarding an amendment to the Carlsbad Energy Center Project (ACECP). One of the issues raised for reconsideration was the fact that the Presiding Member's Proposed Decision (PMPD) was never sent to the California Department of Fish and Wildlife for review. You stated that the Department would normally review such a document, and would ideally have 30 days for such review.

The Energy Commission subsequently decided today to grant review for reconsideration of its decision any comments that your Department may want to file regarding the ACECP. As was discussed by phone today with Energy Commission Staff Counsel Dick Ratliff, I am sending you the electronic link to both the PMPD (pdf attached):

http://docketpublic.energy.ca.gov/PublicDocuments/07-AFC-06C/TN204953_20150609T162157_Presiding_Member's_Proposed_Decision.pdf

and the Final Decision (pdf also attached):

http://docketpublic.energy.ca.gov/PublicDocuments/07-AFC-06C/TN205625_20150803T162317_Carlsbad_Amendments_Final_Commission_Decision.pdf

You indicated that you will make sure that these documents are considered by your agency to determine whether it wants to comment, and to provide any such comments within 30 days.

We are very grateful for your help and attention to this matter. Please contact me or Dick Ratliff (tel: 916-653-1653) if you have any questions, and please send any comments your agency may have to me so I can make sure that they are docketed for the Carlsbad proceeding at: Mike Monasmith, Project Manager, California Energy Commission, 1516 9th Street, MS-15, Sacramento, CA 95814 or by email at mike.monasmith@energy.ca.gov.

Yours truly,

MIKE MONASMITH
