**Re: Sacramento Municipal Utility District IEPR Electricity Demand
Forecast Submission; Docket No. 11-IEP-1C**

Attached please find the Sacramento Municipal Utility District's (SMUD) Electricity Demand Forecast and related information submitted in the referenced matter. SMUD is submitting data for Forms 1 – 7 (all parts) and Form 8.2 in the formats requested by the CEC in its Forms and Instructions, with the exception of Form 5 which has been attached as an Excel document for purposes of clarity. This submission also includes SMUD's Regression Coefficients and Statistics in a separate Excel file. Please note that in some cases the Instructions do not correspond to SMUD's forecasting and reporting practices to other agencies, such as the FERC, and for this reason may not exactly match the data provided to these other agencies. SMUD has decided to follow the CEC's Instructions wherever possible and would be happy to explain any differences upon your request.

Please note that SMUD is not seeking to protect or designate information provided herein as Confidential.

If you have any questions, please contact Nate Toyama at 916-732-6685, or myself at 916-732-7107. Thank you for attention to this matter.

Sincerely,

William W. Westerfield, III
