**NOTICE OF RECEIPT
PETITION TO AMEND
THE CALIFORNIA ENERGY COMMISSION DECISION FOR THE
MARSH LANDING GENERATING STATION (08-AFC-3C)**

On January 13, 2015, the Facility Owner and Operator NRG Marsh Landing LLC (NRG Marsh Landing) filed a petition with the California Energy Commission (Energy Commission) requesting to modify the Final Decision for the Marsh Landing Generating Station (MLGS). The simple-cycle, natural gas-fired, 760-megawatt facility was certified by the Energy Commission in its Decision on August 25, 2010, and began commercial operation on May 1, 2013. The facility is located in the City of Antioch, in Contra Costa County, California.

DESCRIPTION OF PROPOSED MODIFICATION

The modifications proposed in the petition would install a 12-foot by 42-foot modular building, approximately 504 square feet in area and 12-foot 9-inches tall, on an existing asphalt-covered area. The modular building would be for document storage and staff training purposes. The only excavation will be for utility line trenches (2 to 3 feet deep and 6 inches wide) from the existing Administration Building approximately 20 feet away. Because bathrooms and a kitchen are already provided at the Administration Building these facilities will not be included in the new building, therefore no new service water piping is required. Likewise, the required fire protection will consist of several wall hanging fire extinguishers; therefore existing fire water system trenching will also not be required.

ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES

The Energy Commission's webpage for this facility, <http://www.energy.ca.gov/sitingcases/marshlanding/>, has a link to the amendment petition on the right side of the webpage in the box labeled "Compliance Proceeding." Click on the "Documents for this Proceeding (Docket Log)" option.

Energy Commission staff is currently reviewing the petition. The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality and on public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and a determination on whether the facility, as modified, would remain in compliance with applicable laws, ordinances, regulations, and standards (20 Cal. Code of Regs., § 1769). Upon completion of its review, the staff will provide written notice of its intent to either process the proposed changes as a Staff Approved Project Modification or schedule it for consideration by the Energy Commission at a regularly scheduled Business Meeting

This Notice of Receipt has been mailed to the Commission's facility mail list of interested parties and property owners adjacent to the facility site. It has also been e-

mailed to the facility listserv. The listserv is an automated Energy Commission e-mail system by which information about this facility is e-mailed to parties who have subscribed. To subscribe, go to the Commission's webpage for this facility, cited above, scroll down the right side of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once submitted, the Energy Commission Dockets Unit reviews and approves your comments, and you will receive an e-mail with a link to them.
