

STATE OF CALIFORNIA
STATE ENERGY RESOURCES
CONSERVATION AND DEVELOPMENT COMMISSION

RESOLUTION

DOCKET
02-REN-1038

DATE APR 07 2010

RECD. APR 08 2010

WHEREAS, the California Energy Commission has developed the Renewable Energy Program pursuant Public Resources Code section 25740 et seq. and former Public Utilities Code sections 381, 383.5, and 445; and

WHEREAS, Public Resources Code section 25747 authorizes the California Energy Commission to adopt guidelines to govern the administration of its Renewable Energy Program, including each of the program elements of the Renewable Energy Program; and

WHEREAS, on February 19, 2003, the California Energy Commission adopted guidelines, entitled the *Emerging Renewables Program Guidebook*, to govern the administration of the Emerging Renewables Program element of the Renewable Energy Program pursuant to former Public Utilities Code section 383.5, and has subsequently revised these guidelines pursuant to this authority and Public Resources Code section 25747; and

WHEREAS, the California Energy Commission's Renewables Committee has proposed revisions to the *Emerging Renewables Program Guidebook* to adjust the rebate level and structure for eligible small wind energy systems, revise certification and test requirements for system inverters, adjust the reservation period for program applicants, and to make other clarifying changes to better administer the Emerging Renewables Program; and

WHEREAS, the California Energy Commission has reviewed the Renewables Committee's proposed revisions to the *Emerging Renewables Program Guidebook* as set forth in the *Tenth Edition* of this guidebook, and accepts and approves these guideline revisions for the purpose of administering the Emerging Renewables Program; and

THEREFORE BE IT RESOLVED, the California Energy Commission hereby adopts the *Emerging Renewables Program Guidebook, Tenth Edition*, and authorizes the Executive Director, or her designee, to administer the Emerging Renewables Program as specified in this guidebook.

RESOLVED,

Dated: April 7, 2010
