Wednesday, September 18, 2013

9:00 a.m. CEC Workshop

6:00 p.m. DOE Formal Public Comments

Thursday, September 19, 2013

9:00 a.m. – 1:00 p.m. CEC Workshop

To the extent practicable, discussion surrounding each technical area will proceed in the following manner:

1. Energy Commission staff will make a short presentation summarizing their technical area.
2. The project applicant will be provided an opportunity to discuss staff's analysis and offer any additional information or comments they deem relevant. This is intended to be a dialogue the goal of which is to resolve as many disputes as possible.
3. Agencies will then have an opportunity to join in the above discussion and pose questions as necessary.
4. Intervenors will next have an opportunity to pose questions to staff or the applicant, followed by members of the public.

This is a staff-led workshop to discuss the Preliminary Staff Assessment/Draft Environmental Impact Statement; no Commissioners will be present. Staff has roughly apportioned technical areas as detailed below. However, this is not intended to prohibit or otherwise restrict discussion of technical areas on days not assigned if circumstances so warrant.
