Docket Number: 08-AFC-08A

Opposition to HECA plant-Kern County

My opposition to the Kern County HECA plant is based on concerns about the tremendous use of water for the plant in an area that is drought-prone and water is needed for agriculture. I am also concerned about its siting on prime agricultural land and the many diesel truckloads of coal that will add considerable pollutants to Kern County's already polluted air. Please vote "no" on this facility!
