RE Hydrogen Energy California Project

Dear Mr Heiser,

I am writing to you on behalf of the North of the River Chamber of Commerce in support of the Hydrogen Energy California Project and the benefits that it will bring to the community

Some of the benefits that HECA will bring to Kern County are the creation of over 2,000 construction jobs and up to 200 permanent positions HECA's construction and yearly operations will also generate millions of dollars in tax revenue which will help support our economy

While our membership expressed concern about the environmental impact of the project the NOR Chamber stands in support of the Hydrogen Energy California Project for the benefits that it will bring to Kern County

Sincerely,

A handwritten signature in black ink, appearing to read 'C. Lowe', written over the printed name.

Christopher Lowe
President
