## **HECA Facility**

I am a California resident and I greatly oppose a permit being issued for the new HECA Facility planned near Buttonwillow. Clean air, farm land and water are resources in short supply here in California. By allowing the HECA facility to become operational would jeopardize these resources for the benefit of oil and fertilizer production and possibly contaminate local ground water, food crops and contribute further to our poor air quality. Please, vote no on HECA facility permit.

Sincerely,  
Tammy Price  
Bakersfield, CA
