

STATE OF CALIFORNIA
STATE ENERGY RESOURCES
CONSERVATION AND DEVELOPMENT COMMISSION
RESOLUTION

DOCKET

06-NSHP-1

DATE APR 07 2010

RECD. APR 08 2010

WHEREAS, Public Resources Code sections 25744, 25744.5, and 25780 – 25784 authorize the California Energy Commission to develop a program to encourage the installation of solar energy systems on new residential construction, and authorize the California Energy Commission to adopt guidelines and subsequent guideline revisions to govern the administration to this program; and

WHEREAS, the California Energy Commission adopted the *New Solar Homes Partnership Guidebook* in December 2006 to carry out the purposes of sections 25744, 25744.5, and 25780 – 25784 and to govern the administration of this program pursuant to this authority; and

WHEREAS, the California Energy Commission's Renewables Committee has proposed minor revisions to the *New Solar Homes Partnership Guidebook* to provide applicants additional time in which to secure necessary solar permits to qualify for program funding; and

WHEREAS, the proposed revisions result from public comments that were not adequately addressed in the Third Edition of the *New Solar Homes Partnership Guidebook*, which the California Energy Commission considered and adopted on January 27, 2010; and

WHEREAS, the California Energy Commission has reviewed the Renewables Committee's proposed revisions to the *New Solar Homes Partnership Guidebook*, and accepts and approves these minor revisions for the purpose of administering the New Solar Homes Partnership; and

THEREFORE BE IT RESOLVED, the California Energy Commission hereby adopts the revisions to the *New Solar Homes Partnership Guidebook*, and authorizes the Executive Director, or her designee, to administer the New Solar Homes Partnership as specified in this revised Guidebook.

RESOLVED,

Dated: April 7, 2010

STATE ENERGY RESOURCES
CONSERVATION AND DEVELOPMENT
COMMISSION
