08 AFC 08A Hydrogen Energy California  
Support Staffs Motion to Terminate

HECA Neighbors agrees with the docketed comments from both AIR (Association of Irrigated Residence) and Sierra Club as they both support Staffs Motion to terminate HECA. Neighbors have lived with the uncertainty of our future and threats from this dangerous, polluting project as it has evolved for years. And we are weary of addressing yet another metamorphosis, especially realizing they still have not submitted outstanding data requests on numerous unresolved issues from the past. It is disturbing that they are pushing on us a new project description that does not even comply with zoning...and to observe their unwillingness to approach the county to resolve the basic land use issue. They have not complied in a diligent manner, and it is time to end this exercise.

Please support Staff's Motion to Terminate HECA.

Respectfully

Chris Romanini  
HECA Neighbors
