NOTICE OF RECEIPT
REQUEST TO TRANSFER OWNERSHIP
for the
PALMDALE HYBRID POWER PROJECT (08-AFC-9C)

On April 30, 2015, Palmdale Energy, LLC, filed a Petition with the California Energy Commission (Energy Commission) requesting to transfer ownership for the Palmdale Hybrid Power Project (PHPP) from the city of Palmdale, to Palmdale Energy, LLC. The PHPP was licensed on August 10, 2011, as a nominal 570 MW hybrid facility utilizing combined-cycle and solar trough technologies located in the city of Palmdale, CA; however, the facility has not been constructed.

The request would transfer responsibility for compliance with Conditions of Certification to Palmdale Energy, LLC. A statement describing the change in ownership, signed under penalty of perjury by a representative of Palmdale Energy, LLC, was submitted as required by Title 20, California Code of Regulations, section 1769(b). The statement affirms that the new owner agrees to be bound by the requirements of the Energy Commission's Decision for the project and understands the obligations imposed by the Conditions of Certification. The Energy Commission may approve changes of ownership after a 14-day public notice.

The Petition requesting the transfer of ownership is available on the Energy Commission's webpage for this facility at <http://www.energy.ca.gov/sitingcases/palmdale/>. This Notice of Receipt is being mailed to interested parties and property owners adjacent to the facility site who may want to submit comments.

Any person may file written comments on the request with the Energy Commission's Dockets Unit. All written comments and all materials filed with the Dockets Unit will become part of the public record of the proceeding and may be posted to the facility website.

All comments must be in writing. Those submitting comments electronically should provide them as either a Microsoft Word document (.doc or .docx) or in Portable Document Format (.pdf) and include your name or your organization's name in the file name.
