California Energy Commission

Reference Docket number 08-AFL-9L

Proposed Palmdale power Plant

The location of the proposed power Plant on Ave. M in Palmdale CA is approx.

34°-38.43 N

X

118°-06.54.91 W

My home is located on 17 street East Lancaster

34°-40.36.14 N

X

118°-05.56.75 W

The distance is 1.93 miles North and 0.98 miles East of proposed location a total of about 3 miles. The prevailing winds are from the southwest to northeast at the average of 13 MPH (annual average)

I am concerned about the health impact and air quality. I currently on Medical oxygen for treatment of Pulmonary Fibrosis (industrial exposure caused). The emission will cover the area where I reside. My concern is what will be the min and max level of emissions and impact on air quality.

A concerned Resident of Antelope Valley

James Brockway
