REQUEST FOR PUBLIC ACCESS TO THE ENCLOSED FINAL STAFF ASSESSMENT FOR THE PALMDALE ENERGY PROJECT AMENDMENT (08-AFC-9C)

Dear Librarian:

We request that the enclosed Notice of Availability be placed in a conspicuous and accessible location in your library and that the Final Staff Assessment (FSA) be made publicly available in your library for those who may wish to be informed about this energy project amendment under review by the California Energy Commission (Energy Commission). We request that you not allow the Notice of Availability to be removed from the library. To increase accessibility of the document, we ask, if possible, that you cross reference it as a general reference work under the title and author categories, as well as under such subjects as "Energy Commission", "electricity energy/generation", "power plant siting", or any other relevant subject.

The enclosed FSA contains Energy Commission staff's engineering and environmental evaluation of the proposed Palmdale Energy Project, licensed as Palmdale Hybrid Power Project. The project under review is located in the northernmost portion of the city of Palmdale, approximately 60 miles north of downtown Los Angeles. The site address is 950 East Avenue M.

The Energy Commission's siting process is open to the public and incorporates the input of the public as well as local, state and federal agencies and tribes. To facilitate public participation in our review process, the Energy Commission distributes copies of staff documents such as the FSA to public libraries in communities near the proposed project, and in major cities throughout the state.

Thank you for your cooperation. If you have any questions, please contact Eric Veerkamp, Energy Commission Compliance Project Manager, at (916) 654-4295 or e-mail at eric.veerkamp@energy.ca.gov.

Sincerely,

Date: September 16, 2016

CHRISTINE ROOT
Compliance Office Manager
Siting, Transmission, & Environmental Protection Division

Enclosure: Final Staff Assessment
