From: California Energy Commission  
1516 9th Street  
Sacramento, CA 95814

**Subject:** Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

**Project Name:** Palmdale Energy Project      **Docket Number:** 08-AFC-09C

**Contact Person:** Eric Veerkamp, Project Manager      **Phone #:** (916) 654-4295

**Project Location:** 950 E. Avenue M, Palmdale California.

**Modification Description:** On July 20, 2015, Palmdale Energy LLC submitted a Petition to Amend the previously approved Palmdale Hybrid Power Project. On August 9, 2017, the Energy Commission approved the Petition to Amend with a Final Decision.

This Committee-assigned amendment to the previously approved Palmdale Hybrid Power Project changes the project to a natural-gas-fired combined-cycle power plant with an approximate net output of 699.4 MW. The approval reduces the site to 50 acres, eliminates the solar component, and replaces the combustion turbine technology with fast start flexible technology.

The California Energy Commission approved the above-described project pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

1. With mitigation, the project will not have a significant effect on the environment;
2. Mitigation measures were made conditions of approval of the project;
3. The project is in compliance with all laws, ordinances, regulations and standards (LORS); and
4. A statement of Overriding Considerations was not adopted for the project.

The Commission docket files containing the Final Commission Decision and other project information are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. This and other information regarding the project is also available on the Commission's web site located at <http://www.energy.ca.gov/sitingcases/palmdale/index.html>
