Hello Harinder. I'm sorry we didn't get a chance to meet at the hearing. It was certainly an interesting experience. Unfortunately, I have been retained in this matter by the CEA and have been instructed by their attorneys not to communicate information to the CEC outside of the "official" process of hearings and written submissions. I do anticipate being in Sacramento next week with the CEA staff though - perhaps we can get together then and discuss the model in person. I assume that the CEA attorneys will have worked out a communication policy for me to follow by then. Thanks! Paul.

Subject Comments Related to Mathematical Error at the Public Hearing

Dear Mr. Wazzan:

First of all, let me thank you for attending and speaking at the October 13, 2009 public hearing for Docket No. 09-AAER-1C. In your comments, you stated that you observed a significant mathematical error in the Staff Report without providing any additional detail. Could you please provide the basis for this comment so we can review?

Sincerely,

Harinder Singh
