Tim,

Kelly wants March 16th meeting set from 1:00 pm to 3:00 pm, he told me that there are couple of CEA people who are flying from East Coast to attend the meeting.

We have reserved 2nd floor fish bowl conference room. Kelly wants the Web-Ex link sent to his office. He will forward it to CEA members.

Thanks

Harinder

That sounds fine. Let Kelly know and ask if that works for them. Thanks,

Tim--

We have the room from 8-12:30 PDT and suspect we can set up the WebEx for any time. We want to schedule the meeting for 9:30 -12:30 to best accommodate both coasts ...

John

Harinder, can you let Kelly know what time we expect to have the webex meeting start next monday, please? I remember someone saying 8:00 a.m., but do not see why we need to start this early. I would suggest 10:00 - equivalent to 1:00 on the East Coast. However, if CEA et al think it should be earlier, that's fine.
OK?

Tim
