Subject: Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

Project Name: Abengoa Mojave Solar Power Project

Energy Commission Docket Number: 09-AFC-5C

Energy Commission Contact Person: Dale Rundquist **Phone #:** (916) 651-2072

Project Location: Near Hinkley in San Bernardino County, California

Project Description: Abengoa Mojave Solar Power Project is currently under construction and will be a 250-megawatt solar trough power plant.

Modification Description: Petition to Amend submitted by Mojave Solar LLC, to revise Air Quality Condition of Certification **AQ-25** to provide a different method of measuring the levels of total dissolved solids in cooling tower blow-down water from the project. Staff also made minor condition language changes to **AQ-26** and **AQ-28**, which do not affect emission limits or create additional air quality impacts.

On November 17, 2014, the California Energy Commission approved the above-described changes pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

1. The project will not have a significant effect on the environment;
2. Mitigation measures were made a condition of approval of the project;
3. The project is in compliance with all laws, ordinances, regulations, and standards; and
4. A statement of Overriding Considerations was not adopted for the project.

The Commission's docket files containing the final Energy Commission Decision and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The final Decision and other information regarding the project are also available on the Energy Commission's web site--www.energy.ca.gov.
