Stan

I checked the reference.
 The "million" number represents total annual rooms

So 3198 hotel rooms available per day * 365 days = 1,167,270 rooms in 2006

Anne

 Re: AFC Supplement for San Gabriel
 - Socioeconomics

Anne,

The number of hotel rooms listed for Ontario seems high at over 1 million.

Can you please double-check this number? Is it possible that this number is for SB County?

Thanks,
Stan

Re: AFC Supplement for San
Gabriel - Socioeconomics

Anne,

Thanks for providing the vacancy rate for hotels in Ontario. Can you also provide the number of rooms available? I imagine you have this information readily available. If this will take you some time to find, we can request it in the "Data Requests", but its probably easier for you to provide now.

Thanks,
Stan
