Re: CPV Vaca Station Project (08-AFC-11):  
Request for Second Extension of the PDOC

Dear Ms. McLaughlin:

As you are aware, CPV Vacaville, LLC ("Applicant") has filed an Application for Certification with the California Energy Commission for the CPV Vaca Station Project (08-AFC-11) ("Project"). The Project is located within the jurisdictional boundaries of the Yolo-Solano Air Quality Management District ("District").

In accordance with the Energy Commission's Schedule for the Project and District Rule 418 *et seq.*, the District was scheduled to issue a Preliminary Determination of Compliance ("PDOC") on May 9, 2009. On May 4, 2009, Applicant requested an extension until July 9, 2009. As you are aware, on May 19, 2009, the District granted the extension in a letter to Applicant and stated that additional extensions would be considered if requested by July 9, 2009.

Applicant hereby requests another two-month extension of the deadline for issuing the PDOC, until September 9, 2009. Applicant understands that the District needs additional information about Applicant's offset strategy to complete the PDOC, and Applicant continues to work on obtaining this information with adequate specificity. As you know, Applicant has been diligently working with District Staff to resolve outstanding issues associated with the issuance of the PDOC. Applicant further understands that this extension may cause a corresponding delay in the Energy Commission's Schedule for the Project.

If I can answer any questions about this request, please do not hesitate to contact me.

Very truly yours,
