**BEFORE THE ENERGY RESOURCES CONSERVATION AND DEVELOPMENT
COMMISSION OF THE STATE OF CALIFORNIA**

Application for Certification for the
Willow Pass Generating Station Project

Docket No. 08-AFC-6

**SEVENTEENTH STATUS REPORT OF
GENON WILLOW PASS, LLC**

In accordance with the Committee Scheduling Order dated December 31, 2008, the applicant in this proceeding, GenOn Willow Pass, LLC (“GenOn Willow Pass”), submits its seventeenth status report in this proceeding. GenOn Willow Pass is seeking certification for the Willow Pass Generating Station, a 550 megawatt, natural gas-fired electricity generating facility to be located in Pittsburg, California.

GenOn Willow Pass has worked with Pacific Gas and Electric Company (“PG&E”), the previous owner of the project site, to prepare a work plan for conducting additional soil gas sampling at the project site. On behalf of PG&E, AMEC Geomatrix prepared the *Work Plan for Focused Site Investigation and Focused Health Risk Assessment*. The work plan addresses staff’s Data Requests 73 through 75 and provides for collection of soil vapor and groundwater samples and preparation of a focused Health Risk Assessment that includes a Human Health Risk Assessment and a Screening Level Ecological Risk Assessment (“HRA”).

Staff has now approved the work plan. GenOn Willow Pass is moving forward and intends to work with PG&E to conduct the sampling and prepare the HRA for submission to staff.

July 20, 2011

Respectfully submitted,

Lisa A. Cottle
Winston & Strawn LLP
