WITH:	ENSR		
SUBJECT:	Victorville 2 Socioeconomics School Impact Fees		

COMMENTS:

Arie Bachrach project manager at ENSR, stated that school impact fees for the Victorville 2 Project would be paid \$9,900 to the Adelanto School District and \$5,500 to to the Victor Valley Union School District for an estimated total of \$15,400. This information appears on page 6.12-33 of the AFC. It is because although Victorville 2 is a city owned project, these school districts are outside the city boundaries. He requested an e-mail to him to further verify this point which was completed.
