Staff Response to Applicant's July 14, 2008 Filing Regarding AQ-SC9

On July 14, 2008, the Applicant for the Victorville 2 Hybrid Power Project filed a proposed revision to AQ-SC9, as it appears in the Errata and Revisions to the Presiding Member's Proposed Decision. Specifically, the applicant proposes to add the words "ground disturbance" after the word "construction" in the last sentence of the verification for that condition. Staff agrees that if the road paving identified in the condition is complete 15 days prior to the start of ground disturbance, as that term is defined in the General Conditions of Certification, no significant adverse impacts will occur, and no laws, ordinances, regulations, or standards applicable to the project will be violated. Staff therefore concurs with the applicant's proposed change.

Date: July 15, 2008

Respectfully submitted,
