REQUEST FOR AGENCY PARTICIPATION IN THE REVIEW OF THE CPV SENTINEL ENERGY PROJECT, APPLICATION FOR CERTIFICATION (07-AFC-3) – SUPPLEMENTAL INFORMATION

On August 28, 2007, the California Energy Commission received a supplement to the CPV Sentinel, LLC Application for Certification (AFC). This supplemental filing provides additional information and clarifications to the information in the original AFC.

On June 25, 2007, CPV Sentinel submitted an AFC to the California Energy Commission to construct and operate a simple-cycle (peaking) power plant. The Sentinel project is a proposed nominally rated 850 megawatt (MW) electrical generating facility that would encompass 37 acres of land situated within unincorporated Riverside County, California, adjacent to the Palm Springs northern city limits. The proposed project consists of eight natural gas-fired General Electric (GE) LMS100 combustion turbine generators (CTGs) operating in simple-cycle mode. The project would supply quick-start peaking capacity, energy, and ancillary services into the California Independent System Operator's (CAISO) Los Angeles Basin Local Capacity Requirement Area.

Your agency's preliminary and final determinations regarding the project's compliance with requirements administered by your agency are due by **Thursday, November 29, 2007** (120 days) and **Monday, January 28, 2008** (180 days), respectively.

Enclosed is a copy (CD) of the AFC Supplement in electronic format. If you would like to have a hard copy of the AFC supplement sent to you, if you have questions, or if you would like additional information on local agency reimbursement or on how to participate in the Energy Commission's review of the proposed project, please contact Bill Pfanner, Project Manager, at (916) 654-4206, or by email at bpfanner@energy.state.ca.us. The status of the proposed project, copies of notices, electronic version of the AFC, and other relevant documents are also available on the Energy Commission's Internet web site at <http://www.energy.ca.gov/sitingcases/sentinel>. You can also subscribe to receive e-mail notification of all notices at <http://www.energy.ca.gov/listservers>.

Sincerely,

Roger E. Johnson, Manager
Energy Facilities Siting and Compliance Office
