Dear Librarian:

DOCUMENT HANDLING FOR CPV SENTINEL ENERGY PROJECT, APPLICATION FOR CERTIFICATION (07-AFC-3) – SUPPLEMENTAL INFORMATION

On August 28, 2007, the California Energy Commission received a supplement to the CPV Sentinel, LLC Application for Certification (AFC). This supplemental information provides additional information and clarifications of and more detailed explanations about the information contained in the original AFC.

On June 25, 2007, CPV Sentinel submitted an AFC to the California Energy Commission to construct and operate a simple-cycle (peaking) power plant. The Sentinel project is a proposed nominally rated 850 megawatt (MW) electrical generating facility that would encompass 37 acres of land situated within unincorporated Riverside County, California, adjacent to the Palm Springs northern city limits.

The Energy Commission's siting process is open to the public and incorporates the input of the public as well as local, state, and federal agencies. To facilitate public participation in our review process, the Energy Commission has sent copies of the Sentinel AFC information to libraries in the project area, and to libraries in Los Angeles, Sacramento, San Francisco, San Diego, Fresno, and Eureka.

Please make the enclosed Supplemental AFC information available for those who may wish to be informed about the proposed project. We request that you not allow the Supplemental AFC information or any of its contents be removed from the library. To increase accessibility of the document, we ask, if possible, that you cross reference it as a general reference work under the title and author categories, as well as under such subjects as "Energy Commission," "electricity," "energy/generation," "power plant siting," or any other relevant subject.

Thank you for your cooperation. If you have any questions, please contact Bill Pfanner, Energy Commission Project Manager, at (916) 654-4206, or by email at bpfanner@energy.state.ca.us.

Sincerely,

Roger E. Johnson, Manager
Energy Facilities Siting and Compliance Office
