SJVUAPCD Mitigation Agreement and Voluntary Emission Reduction Agreement

Amended Application for Certification for
HYDROGEN ENERGY CALIFORNIA (08-AFC-8A)
Kern County, California

April 2013
MIGITATION AGREEMENT 20130092

This Mitigation Agreement ("Agreement") is entered into as of April 18, 2013 by and between Hydrogen Energy California LLC ("Developer") and the SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT ("District"), an air pollution control district formed pursuant to California Health and Safety Code section 40150, et seq.

RECITALS

WHEREAS, District is an air pollution control district formed by the counties of Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus and Tulare, pursuant to California Health and Safety Code section 40150, et seq.; and

WHEREAS, District is responsible for developing and implementing air quality control measures within the District Boundaries, including air quality control measures for stationary sources, and indirect sources; and

WHEREAS, Developer submitted an Amended Application for Certification (08-AFC-8A) seeking licensing from the California Energy Commission (CEC) which will permit the development of a Project located in the County of Kern, California, as more particularly described on Exhibit A attached hereto and incorporated herein (the "Project"); and

WHEREAS, the Project will cause impacts on air quality within the geographical boundaries of the San Joaquin Valley Unified Air Pollution Control District, as depicted on Exhibit B attached hereto and incorporated herein (the "District Boundaries"); and

WHEREAS, the term "indirect" emissions as used in this Agreement refers to emissions from construction and transportation activities, as opposed to emissions from permitted stationary sources; and

WHEREAS, as a result of funding provided to the Project by the U.S. Department of Energy ("DOE"), the Project is subject to District Rule 9110 and Clean Air Act Section 176(c)(1) as implemented by 40 CFR Part 93 Subpart B, "Determining Conformity of Federal Actions to State or Federal Implementation Plans" (General
WHEREAS, Developer has prepared, and District staff has reviewed and concurred in, a General Conformity Evaluation for the Project, including air quality impact modeling for assessing indirect air quality emission impacts associated with construction and operation of the Project; and

WHEREAS, the General Conformity Evaluation demonstrates indirect emissions are expected to exceed the following Conformity Thresholds in the San Joaquin Valley Air Basin: 10 tons/year NOx, and 10 tons/year ROG/VOC; and

WHEREAS, District has determined that Developer’s payment of fees into District’s Emission Reduction Incentive Program (ERIP) will provide pound-for-pound offsets of Project indirect emissions that exceed the General Conformity thresholds and result in DOE’s federal action conforming to the applicable state implementation plan (SIP), all as set forth in the General Conformity Evaluation for the Project; and

WHEREAS, the emission offsets that will be provided pursuant to this Agreement for purposes of satisfying the General Conformity requirements are distinct from and in addition to any new source review emission offsets that Developer is required to provide pursuant to District Rule 2201; and

WHEREAS, the Project is subject to review pursuant to the California Environmental Quality Act ("CEQA") codified at California Public Resources Code Section 21000, et seq.; and

WHEREAS, pursuant to its certified regulatory program, the CEC acts as CEQA lead agency for the Project and the District is a CEQA responsible agency for the Project; and

WHEREAS, District has determined, in its role as a CEQA responsible agency, that Project indirect emissions are expected to exceed the District CEQA Significance Thresholds of 10 tons/year NOx, 10 tons/year ROG/VOC and 15 tons/year PM10 and that additional mitigation measures beyond those proposed by Developer are necessary to mitigate Project indirect emissions below a level of significance; and
WHEREAS, District has determined that Developer’s payment of fees into District’s Emission Reduction Incentive Program (ERIP) will further mitigate Project indirect emissions that exceed the District CEQA Significance Thresholds and result in Project indirect emissions being mitigated below the level of significance; and

WHEREAS, District has determined that with appropriate funding, District can provide additional reductions of emissions from certain projects in types and in sufficient quantities which, when combined with other measures proposed by Developer, will offset and mitigate Project criteria pollutant emissions for construction and operation, such that the Project will not result in significant impacts to air quality and the DOE action with respect to the Project will conform to the applicable SIP; and

WHEREAS, Developer and District desire to enter into this Agreement in order to develop and implement air quality control measures which, when combined with other measures proposed by Developer, will offset and mitigate the emissions for the Project, so that the development of such Project will not result in an increase in criteria pollutant emissions over those which would otherwise exist without the development thereof; and

WHEREAS, District has determined that compliance with the terms of this Agreement will ensure that the Project will have no significant adverse impacts to air quality, and that DOE’s action with respect to the Project will conform to the applicable SIP as more fully set forth in the General Conformity Evaluation prepared for the Project.

AGREEMENT

NOW, THEREFORE, in exchange of the mutual covenants herein contained, Developer and District hereby agree as follows:

1. Offsetting and Mitigation of Project Related Impacts on Air Quality

   Project related indirect emissions from construction and operation that exceed applicable CEQA and General Conformity thresholds shall be offset and mitigated by achieving real, surplus, quantifiable and enforceable reductions of ROG/VOC, NOx,
and PM\textsubscript{10} through implementation of Emission Reduction Measures in accordance with
this Agreement. The determination of whether proposed emission reductions are real,
surplus, quantifiable and enforceable shall be performed by the District through its
Strategy and Incentives Department. Estimated Project related indirect source
emissions that exceed applicable CEQA and General Conformity thresholds are set
forth in Exhibit C, which is attached hereto and incorporated herein, and shall be offset
and mitigated as demonstrated in Exhibit C. For construction emission impacts, indirect
emissions of any criteria pollutant exceeding the applicable General Conformity
Threshold or District CEQA Significance Threshold in any given year will be fully offset
and mitigated for that pollutant for the entire project construction period. For
operational emission impacts, indirect emissions of any criteria pollutant exceeding the
applicable General Conformity Threshold or District CEQA Significance Threshold will
be fully offset and mitigated for that pollutant, as specified in Exhibit C.

2. Payment of Air Quality Mitigation Fees

No later than five months prior to breaking ground for construction of the Project,
Developer shall pay Air Quality Mitigation Fees to District in the amount of three million
three hundred twenty seven thousand three hundred thirty four dollars ($3,327,334) for
implementation of Emission Reduction Measures to offset and mitigate Project
construction emissions as specified in Exhibit C. The amount specified above includes
a 4% administration fee to cover the District’s costs of administering this Agreement.

No later than six months prior to the commercial operation date (COD) for the
Project, Developer shall pay additional Air Quality Mitigation Fees to the District in the
amount of four million two hundred thirty eight thousand six hundred ninety two dollars
($4,238,692) for implementation of Emission Reduction Measures to offset and mitigate
Project indirect operational emissions as specified in Exhibit C. The amount specified
above includes a 4% administration fee to cover the District’s costs of administering
this Agreement.
3. **Implementation of Emission Reduction Measures**

Upon Developer's submission to District of the Air Quality Mitigation Fees specified in paragraph 2 above, District shall (1) use diligent efforts to enter into Funding Agreements with owners and/or operators of pollution source equipment to implement the Emission Reduction Proposals within 150 days (in the case of Emission Reduction Measures to offset and mitigate construction emissions) and 180 days (in the case of Emission Reduction Measures to offset and mitigate indirect operational emissions); (2) determine the types and quantities of permanent reduction in emissions which would be realized by the Emission Reduction Measures; (3) perform the determination of surplus emission reductions of ROG/VOC, NOx, and PM10; and (4) advise Developer of such determinations in writing.

District shall notify Developer or designee in writing of Funding Agreements entered into by the District. In the event District is unable to achieve the required reductions District shall provide Developer a written statement of the amount of reductions that have been achieved. Developer shall have a reasonable time, not to exceed ninety (90) days, within which to submit to District additional Emission Reduction Proposal(s) or provide District additional Air Quality Mitigation Fees.

4. **Refunds**

Upon verification by District that Project indirect emissions have been fully offset and mitigated in accordance with this Agreement, District shall refund Developer any unused Air Quality Mitigation Fees. District shall have reasonable time, not to exceed sixty (60) days, to refund Developer.

5. **CEQA & General Conformity Compliance**

District hereby confirms that with implementation of this Agreement: i) Project construction emissions of any criteria pollutant exceeding the General Conformity Threshold or District CEQA Significance Threshold in any given year will be fully offset and mitigated for that pollutant for the entire project construction period; and ii) Project indirect operational emissions of any criteria pollutant exceeding the General
Conformity Threshold or District CEQA Significance Threshold will be fully offset and mitigated for that pollutant.

6. District's Obligations

6.1 Acknowledgement Regarding Full Offset and Mitigation

Upon successful implementation of the Emission Reduction Measures pursuant to Paragraph 3, District shall verify in writing to Developer, the CEC and the DOE that the Project related impacts on air quality have been fully offset and mitigated as set forth in Paragraph 5. For the purpose of this Agreement, fully offset and mitigated means that the reductions specified in Exhibit C have been achieved.

6.2 Oversight of Funding Agreements

District shall ensure that the owners/operators of equipment subject to Funding Agreements perform all obligations to be performed on the part of such parties under said Funding Agreements.

6.3 Oversight of Air Quality Mitigation Monitoring Plan

Upon request of the CEC, District shall oversee that portion of the mitigation monitoring plan adopted by CEC which relates to the mitigation brought about by this Agreement. Alternatively, upon request of the CEC, District shall cooperate with the CEC in the oversight of that portion of the mitigation monitoring plan adopted by the CEC for the Project which relates to the mitigation brought about by this Agreement.

6.4 Documentation, Record Keeping and Monitoring

District shall document, keep adequate records on and monitor the emission reductions brought about as a result of this Agreement, and shall, upon written request by Developer, the CEC or the DOE, provide Developer, the CEC or the DOE written reports verifying achieved emission reductions and/or emission reductions being brought about to fully offset and mitigate Project related impacts on air quality.

6.5 Achievement of Emission Reductions

For and in exchange of Developer’s payment of funds pursuant to Paragraph 2 above, District shall ensure, by way of entering into, funding and enforcing the Funding
Agreements in accordance with the provisions of this Agreement, that the Project achieves the required emission reductions to the extent specified in this Agreement. District shall ensure that implementation of Emission Reduction Measures to offset Project indirect operational emissions as specified in Exhibit C shall result in emission reductions in a timeframe complying with the general conformity mitigation requirements of 40 CFR 93.163.

7. **Subsequent Litigation, Legislation and/or Administrative Action / Credit to Developer**

In the event that despite this Agreement, Developer is required as a result of a final judgment or District Approved Settlement (as defined below) in any subsequent third party litigation, to pay monies in addition to the monies to be paid by Developer pursuant to Paragraph 2 above, then District shall acknowledge and credit Developer with the emission reductions achieved pursuant to this Agreement and any additional emission reductions achieved to mitigate the Project related impacts on air quality that will result from Developer's payment of such additional monies. To the extent that monies paid by Developer pursuant to Paragraph 2 above, when combined with monies paid pursuant to a District Approved Settlement, result in emission reductions in excess of those required to fully offset and mitigate Project related emissions as required by this Agreement, District shall refund to Developer any remaining Air Quality Mitigation Fees in excess of those required to achieve the emission reductions contemplated by this Agreement. For purposes of this Paragraph, a "District Approved Settlement" shall mean a settlement of a lawsuit filed pursuant to CEQA, the National Environmental Protection Act or other applicable environmental law which (i) provides for Developer's payment of monies in exchange for a dismissal or settlement of such lawsuit, (ii) provides for the use of such monies by the petitioner in such lawsuit in such a manner as to mitigate adverse air quality impacts of the Project, and (iii) is approved in writing by District.

///
8. **Term of Agreement**

This Agreement shall be effective upon the date first written above, and shall terminate upon District's meeting its obligation to implement Emission Reduction Measures that provide necessary emissions reductions to fully offset and mitigate the indirect Project related air impacts, including any associated monitoring, recordkeeping and reporting. Developer may, at any time by written notice to District, terminate this Agreement, whereupon, (i) District shall acknowledge in writing to the CEC and DOE that Developer has offset and mitigated indirect air quality impacts of the Project to the extent and in the types and quantities brought about by Funding Agreements and Emission Reduction Measures implemented as of the date of termination, (ii) District shall refund to Developer any unused portion of Developer's Air Quality Mitigation Fees less any unpaid administrative fees incurred; and (iii) neither Developer nor District shall have any further rights or obligations under this Agreement except as expressly provided. District's obligations to oversee implementation of Funding Agreements pursuant to Paragraph 9 and to ensure that required emission reductions are achieved, pursuant to Paragraph 9, shall remain effective for as long as necessary to ensure that the anticipated emission reductions continue to be achieved to the extent specified in this Agreement.

9. **Representations, Covenants and Warranties**

9.1. **Developer's Representations, Covenants and Warranties.**

Developer represents, covenants and warrants to District, as of the date of this Agreement, as follows:

9.1.1. The undersigned representatives of Developer are duly authorized to execute, deliver and perform this Agreement, and upon Developer's execution and delivery of this Agreement, this Agreement will have been duly authorized by Developer.

9.1.2. Upon execution and delivery of this Agreement by Developer, Developer's obligations under this Agreement shall be legal, valid and binding
obligations of Developer, duly enforceable at law and in equity in accordance with the
terms and conditions of this Agreement.

9.1.3. There is no lawsuit, legal action, arbitration, legal or administrative
proceeding, legislative or quasi-legislative action or claim existing, pending, threatened
or anticipated which would render all or any portion of this Agreement invalid, void or
unenforceable in accordance with the terms and conditions thereof.

9.1.4. Other than the execution and delivery of this Agreement by the
undersigned representatives of Developer, there are no approvals, consents,
confirmations, proceedings, or other actions required by Developer or any third party,
entity or agency in order to enter into and carry out the terms, conditions and intent of
the parties with respect to this Agreement.

9.2. District’s Representations, Covenants and Warranties

District represents, covenants and warrants to Developer, as of the date of this
Agreement, as follows:

9.2.1. The undersigned representatives of District are duly authorized to
execute, deliver and perform this Agreement, and upon District’s execution and
delivery of this Agreement, this Agreement will have been duly authorized by District.

9.2.2. Upon execution and delivery of this Agreement by District, District’s
obligations under this Agreement shall be legal, valid and binding obligations of District,
duly enforceable at law and in equity in accordance with the terms and conditions of
this Agreement.

9.2.3. There is no lawsuit, legal action, arbitration, legal or administrative
proceeding, legislative, quasi-legislative or administrative action or claim existing,
pending, threatened or anticipated which would render all or any portion of this
Agreement invalid, void or unenforceable in accordance with the terms and conditions
thereof.

9.2.4. Other than the execution and delivery of this Agreement by the
undersigned representatives of District, there are no approvals, consents,
confirmations, proceedings, or other actions required by District or any third party, 
entity or agency in order to enter into and carry out the terms, conditions and intent of 
the parties with respect to this Agreement.

9.2.5. The monies paid by Developer under this Agreement shall be sufficient to 
ensure that the emission reduction contemplated by this Agreement shall occur, and 
District shall utilize such monies in such a manner as to ensure that such emission 
reduction shall occur.

9.2.6. Upon the approval of this Agreement by the governing board of District, 
the Air Pollution Control Officer of District, or equivalent representative, or a delegee of 
such officer, shall have the authority to approve, deliver, verify, enter into, acknowledge 
and/or accept any communication, notice, notification, verification, agreement and/or 
other document to be issued or entered into by District under the terms and conditions 
of this Agreement, without further approval of the governing board of District.

10. Indemnification

Developer agrees to indemnify, defend and hold harmless District for, from and 
in connection with any third party claims, losses and/or liabilities arising from or in 
connection with District's performance of this Agreement, excluding only such claims, 
losses and/or liabilities which result from or in connection with District's sole 
negligence, act or omission.

11. Inurement

Developer's rights and obligations under this Agreement, or applicable portions 
thereof, shall inure to the benefit of and be binding upon the heirs, successors and 
assigns of Developer. Upon Developer's conveyance of all or any portion of the 
Project, the rights and obligations of Developer under this Agreement shall, to the 
extent applicable, be transferred to the transferee thereof, and Developer shall 
thereupon be released by District from, all obligations and liabilities so assigned, 
except for such obligations and liabilities arising prior to such transfer.
12. **Assignment**

Developer shall have the right to assign all or any part of its rights and/or obligations under this Agreement. Upon any such assignment, Developer shall deliver to District a written assignment and assumption agreement specifying the fact and extent of the assignment, the name and address of the assignee, and the assignee's assumption of all obligations of Developer thereby assigned. Developer shall have the right to assign all or any part of its rights and/or obligations under this Agreement to a third party for use in connection with the mitigation of air quality impacts resulting from one or more projects other than the Project, so long as (i) the project is located within the District Boundaries, (ii) the air quality impacts of such project(s) will in fact be mitigated, as verified by District, by the emission reductions brought about by this Agreement, and (iii) the project(s) consist of residential, commercial, industrial and/or mixed use real estate projects. Upon any such assignment by Developer, District shall enter into an amendment of this Agreement which acknowledges the assignment and conforms the various provisions of this Agreement as may be required to be conformed in order to provide to the assignee the rights and benefits of this Agreement as if such assignee and its project were the original party and project contemplated in this Agreement.

13. **Recitals Incorporated**

The recitals set forth hereinafore are hereby incorporated into this Agreement and acknowledged, agreed to and adopted by the parties to this Agreement.

14. **Further Assurances**

Developer and District agree to execute and deliver any documents and/or perform any acts which are reasonably necessary in order to carry out the intent of the parties with respect to this Agreement.

15. **No Joint Venture or Partnership**

District and Developer agree that nothing contained in this Agreement or in any document executed in connection with this Agreement shall be construed as making
16. **Notices**

Any notices or communications relating to this Agreement shall be given in writing and shall be deemed sufficiently given and served for all purposes when delivered, if (a) in person, (b) by facsimile (with the original delivered by other means set forth in this paragraph, (c) by generally recognized overnight courier or (d) by United States Mail, certified or registered mail, return receipt requested, postage prepaid, to the respective addresses set forth below, or to such other addresses as the parties may designate from time to time by providing written notice of the change to the other party.

17. **Entire Agreement**

The terms of this Agreement, together with all attached exhibits, are intended by the parties as the complete and final expression of their agreement with respect to such terms and exhibits and may not be contradicted by evidence of any prior or contemporaneous agreement. This Agreement specifically supersedes any prior written or oral agreements between the parties with respect to the subject matter of this Agreement.

18. **Amendments and Waivers**

No addition to or modification of this Agreement shall be effective unless set forth in writing and signed by the party against whom the addition or modification is sought to be enforced. The party benefited by any condition or obligation may waive the same, but such waiver shall not be enforceable by another party unless made in
writing and signed by the waiving party.

If any provision of this Agreement as applied to either party or to any circumstance shall be adjudged by a court of competent jurisdiction to be void or unenforceable for any reason, the same shall in no way affect (to the maximum extent permissible by law) any other provision of this Agreement, the application of any such provision under circumstances different from those adjudicated by the court, or the validity or enforceability of this Agreement as a whole. The parties further agree to replace any such invalid, illegal or unenforceable portion with a valid and enforceable provision, which will achieve, to the maximum extent legally possible, the economic, business or other purposes of the invalid, illegal or unenforceable portion.

20. Construction

Unless otherwise indicated, all paragraph references are to the paragraph of this Agreement and all references to days are to calendar days. Whenever, under the terms of this Agreement the time for performance of a covenant or condition falls upon a Saturday, Sunday or California state holiday, the time for performance shall be extended to the next business day. The headings used in this Agreement are provided for convenience only and this Agreement shall be interpreted without reference to any headings. Wherever required by the context, the singular shall include the plural and vice versa, and the masculine gender shall include the feminine or neuter genders, or vice versa. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. The language in all parts of this Agreement shall be construed as a whole in accordance with its fair meaning, and shall not be construed against any party solely by virtue of the fact that such party or its counsel was primarily responsible for its preparation.

///

///
21. **Governing Law**

This Agreement shall be governed by the laws of the State of California applicable to contracts made and to be performed in California.

22. **No Third-party Beneficiaries**

Nothing in this Agreement, express or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any person other than the parties to it and their respective permitted successors and assigns, nor is anything in this Agreement intended to relieve or discharge any obligation of any third person to any party hereto or give any third person any right of subrogation or action over or against any party to this Agreement.

23. **Exhibits**

The exhibits attached to this Agreement shall be deemed to be a part of this Agreement and are fully incorporated herein by reference.

24. **Force Majeure**

The time within which any party shall be required to perform under this Agreement shall be extended on a day-per-day basis for each day during which such performance is prevented or delayed by reason of events reasonably outside of the control of the performing party, including, without limitation, acts of God, events of destruction, acts of war, civil insurrection, strikes, shortages, governmental delays, moratoria, civil litigation and the like, and/or delays caused by the non-performing party's act or omission.
IN WITNESS WHEREOF, Developer and District have executed this Agreement and agree that it shall be effective as of the date first written above.

EXHIBIT A

DESCRIPTION OF THE PROJECT

The HECA IGCC polygeneration project is located near the community of Tupman, as shown in Figure 1. The Project will gasify a fuel blend of 75 percent coal and 25 percent petroleum coke (petcoke) to produce synthesis gas (syngas). Syngas produced via gasification will be purified to hydrogen-rich fuel, and used to generate a nominal 300 megawatts (MW) of low-carbon baseload electricity in a Combined Cycle Power Block, low-carbon nitrogen-based fertilizer in an integrated Manufacturing Complex, and carbon dioxide (CO₂) for use in enhanced oil recovery (EOR). The HECA Project Site comprises a 453-acre parcel of land on which the HECA IGCC electrical generation facility, low-carbon nitrogen-based fertilizer Manufacturing Complex, and associated equipment and processes (excluding off-site portions of linear facilities), will be located. HECA has an agreement to purchase the HECA Project Site, as well as an additional 653 acres adjacent to the HECA Project Site, herein referred to as the Controlled Area. HECA will have control over public access and future land use on this property. In addition, the HECA Project will include the following linear facilities, which extend off the Project Site.

- Electrical transmission line. An approximately 2-mile-long electrical transmission line will interconnect the Project to a future Pacific Gas and Electric Company (PG&E) switching station east of the Project Site.

- Natural gas supply pipeline. An approximately 13-mile-long natural gas interconnection will be made with PG&E natural gas pipelines north of the Project Site.

- Water supply pipelines and wells. An approximately 15-mile-long process water supply line and up to five new groundwater wells will be installed by the Buena Vista Water Storage District (BVWSD) to supply brackish groundwater from northwest of the Project Site. An approximately 1-mile-long water supply line from the West Kern Water District (WKWD) east of the Project Site will provide potable water.

**Notes:** This agreement provides mitigation for all shaded values:

- The highest emitting alternative scenario for operations and construction is the alternative in which all deliveries and shipments are made by truck (ALT 2).
- All construction emissions (NOx, PM$_{10}$ and VOC) are mitigated.
- All operational indirect source NOx emissions are mitigated at the maximum single year value of 43.6 tons per year. Operational PM$_{10}$ and VOC emissions do not exceed the District’s significance thresholds.

APPROVE TWO MITIGATION AGREEMENTS WITH HYDROGEN ENERGY CALIFORNIA, LLC. TO RECEIVE FUNDS IN THE AMOUNT OF APPROXIMATELY $8,747,160 FOR THE PURPOSE OF MITIGATING AIR QUALITY IMPACTS OF A PROPOSED NEW POWER GENERATION FACILITY IN KERN COUNTY

Attachment B:

VOLUNTARY EMISSION REDUCTION AGREEMENT
(7 PAGES)
HYDROGEN ENERGY CALIFORNIA POWER PLANT PROJECT
VOLUNTARY EMISSION REDUCTION AGREEMENT 20130026

This Voluntary Emission Reduction Agreement ("Agreement") is entered into this 18th day of April, 2013 by and between Hydrogen Energy California LLC, a Delaware limited liability company ("HECA"), and the San Joaquin Valley Air Pollution Control District (the "District"). HECA and the District may be referred to individually as a "Party" or collectively as the "Parties."

RECITALS

WHEREAS, on May 3, 2012, HECA filed an Amended Application for Certification ("Amended AFC") with the California Energy Commission ("CEC") for the Hydrogen Energy California Power Plant, a nominal 405 megawatt facility that will produce a nominal 300 net megawatts of base-load, low-carbon electricity by gasifying coal and/or petroleum coke to produce hydrogen for electric generation in an integrated gasification combined cycle plant, capturing carbon dioxide to be delivered via pipeline for use in enhanced oil recovery and resulting sequestration in the oil fields located in Kern County, California, and producing low-carbon fertilizer in an Integrated Manufacturing Complex (the "Project"); and

WHEREAS, HECA is seeking approval from the CEC to construct and operate the Project; and

WHEREAS, on June 4, 2012, HECA filed a revised Application for Authority to Construct ("ATC") with the District for the Project; and

WHEREAS, HECA and the CEC are seeking a Final Determination of Compliance ("FDOC") for the Project from the District; and

WHEREAS, the Project site will occupy a portion of a 453 acre site that is located approximately 7 miles west of the outermost edge of the City of Bakersfield and approximately 2 miles northwest of the unincorporated community of Tupman in Western Kern County; and

WHEREAS, the District has determined that the Project, as proposed, complies with all applicable requirements for its stationary source emissions, including all requirements related to emission offsets and best available control technology ("BACT"); and

WHEREAS, notwithstanding that the Project complies with all applicable requirements for its stationary source emissions, the District desires that HECA further mitigate its stationary source NOx emissions to a level equivalent to that achieved by a natural gas power plant supplying the same amount of electricity to the grid; and

WHEREAS, HECA desires to cooperate with the District by entering into this Agreement to provide additional air quality benefits, despite being under no legal obligation to do so; and

WHEREAS, the District and HECA have determined that payment of a voluntary emission reduction fee to be used for air quality benefit programs, to the extent feasible, within
Kern County, or within the San Joaquin Valley with quantifiable direct or indirect benefits to the air quality of Kern County, is the appropriate method for HECA to ensure additional air quality benefits within the District.

NOW THEREFORE, for good and valuable consideration, including the mutual covenants set forth herein, HECA and the District hereby agree as follows:

1. **Recitals.** All recitals above are incorporated herein by this reference.

2. **Voluntary Emission Reduction Fee.** Subject to the conditions precedent set forth in Section 3 below, HECA agrees to contribute to the District the total sum of One Million One Hundred Eighty One Thousand One Hundred Thirty Five Dollars ($1,181,135), which includes a five percent (5%) administration fee, to ensure additional air quality localized benefits within the District, and, in particular, direct or indirect benefits in Kern County (the "Voluntary Emission Reduction Fee"). An outline of the methodology used to determine the amount of the Voluntary Emission Reduction Fee and the calculation of the Voluntary Emission Reduction Fee are attached hereto as Exhibit A, incorporated herein by this reference. HECA agrees to pay the Voluntary Emission Reduction Fee to the District no later than six months prior to the commercial operation date ("COD") for the Project.

3. **Conditions Precedent.** The Parties acknowledge and agree that HECA’s obligation to pay the Voluntary Emission Reduction Fee shall be subject to the fulfillment or waiver (such waiver to be in HECA’s sole discretion) of both of the following conditions precedent:

   (a) Issuance of the final CEC certification for the Project; and

   (b) Physical delivery of the combustion turbine generator to the Project site.

Notwithstanding the above, if the Amended AFC with the CEC has been canceled, withdrawn or denied, or if the Project is certified but not constructed during the term of the CEC’s certification, then this Agreement shall automatically terminate, and neither Party shall have any further obligations hereunder.

4. **Use of Voluntary Emission Reduction Fee.** The District agrees to set up a specific account into which the Voluntary Emission Reduction Fee will be deposited. The District agrees to use the Voluntary Emission Reduction Fee exclusively to establish specific programs that create air quality benefits within the District. The District, in consultation with HECA, will identify the most effective and appropriate programs in which to invest the Voluntary Emission Reduction Fee. In particular, the District will work to establish that:

   * programs selected to receive funding will focus on replacing agricultural equipment, including old tractors and old haul trucks operating, to the extent possible, within Kern County, or within nearby communities in the San Joaquin Valley with quantifiable direct or indirect benefits to the air quality of Kern County,
assurance is provided that the equipment replaced through the use of funds is in regular use and not already idled,

opportunities to participate in programs are provided to smaller users that regularly use high emitting equipment,

programs selected to receive funding will benefit, to the extent possible, Kern County to ensure emissions reductions occur locally, and

programs selected to receive funding will also, in general, reduce other criteria pollutants and greenhouse gases (GHGs) at the same time as reducing NOx emissions.

The District agrees to share with HECA the data regarding the actual NOx (and GHGs and other criteria pollutants to the extent data is readily available) emission reduction volumes achieved through the Voluntary Emission Reduction Fee funded programs.

The District agrees not to place the Voluntary Emission Reduction Fee into any operating account, or to use the Voluntary Emission Reduction Fee for any purpose other than those designated in this Agreement.

5. **Cooperation.** The Parties agree to cooperate with each other with respect to any requests or actions related to this Agreement from the CEC, the U.S. Environmental Protection Agency, or the California Air Resources Board, and to do or cause all things reasonably necessary, proper or advisable to help consummate and make effective the transaction contemplated by this Agreement.

6. **Governing Law.** This Agreement shall be governed by, construed under and enforced in accordance with the laws of the State of California.

7. **Authority.** Each Party acknowledges and agrees that it has the full right, power and authority to execute this Agreement, and to perform its obligations hereunder.

8. **Relationship of the Parties.** Nothing herein is intended to create or is to be construed as creating a joint venture, partnership, agency or other taxable entity between the Parties. The rights and obligations of the Parties shall be independent of one another and shall be limited to those expressly set forth herein and, except as expressly provided to the contrary, shall not be construed to apply to any affiliate of the Parties.

9. **No Third Party Beneficiary.** The Parties mutually agree that this Agreement is for their sole benefit and is not intended by them to be, in part or in whole, for the benefit of any third party.

10. **Notices.** All notices necessary to be given under the terms of this Agreement, except as herein otherwise provided, shall be in writing and shall be communicated by prepaid mail, telegram or facsimile transmission addressed to the respective Parties at the address below or to such other address as respectively designated hereafter in writing from time to time:
To HECA: HYDROGEN ENERGY CALIFORNIA LLC
30 Monument Square, Suite 235
Concord, MA 01742
Attn: Ms. Marisa Mascaro
Phone: 978-287-9529
Fax: 978-287-9512

To District: San Joaquin Valley APCD
1990 East Gettysburg Avenue
Fresno, CA 93726-0244
Attn: Mr. David Wamer
Phone: (559) 230-5900
Fax: (559) 230-6061

11. Assignment. This Agreement shall be binding upon, and inure to the benefit of, each of the Parties and their respective successors and permitted assigns. No Party shall assign this Agreement or its rights or interests hereunder without the prior written consent of the other Party, such consent not to be unreasonably withheld or delayed. Notwithstanding the above, the Parties agree that HECA may freely assign its rights and duties under this Agreement, without District’s prior written consent, to: (a) an affiliate of HECA; (b) a successor-in-interest by merger, consolidation or reorganization; (c) a purchaser or other transferee of the Project; or (d) a lender for purposes of financing the Project.

12. Entire Agreement and Amendment. This Agreement, together with the Exhibits attached hereto, contains the entire understanding between the Parties with respect to the subject matter herein. This Agreement may not be amended except by an instrument in writing signed by each Party.

13. Joint Effort. The Parties acknowledge and agree that each Party and its counsel have read this Agreement in its entirety, fully understand it, and accept its terms and conditions. Accordingly, the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party is not applicable and therefore shall not be employed in the interpretation of this Agreement or any amendment of it.

14. Counterparts. This Agreement may be executed in counterparts (including by facsimile or e-mailed Adobe® portable document format file), all of which shall constitute one document, and that by the signature(s) hereto, the undersigned further agree that facsimile or e-mailed Adobe® portable document format file signatures shall be effective for all purposes.
IN WITNESS WHEREOF, the Parties hereto have executed this Agreement the day and date first above written.

Director Administrative Services
Exhibit A

PART A-1

Outline of Methodology

To calculate the increased emissions from the Project compared with a new natural gas fired power plant, the emissions from the Project will be calculated as proposed and as they would be if the Project emitted at the same pounds of NOx per MW-hour rate as that of a recently licensed natural gas fired power generating facility. The difference between these two values is the mitigation amount (see Table 1 of Part A-2).

The fee is then calculated by multiplying the mitigation amount by the weighted average cost of purchasing NOx Emission Reduction Credits (ERC) in the San Joaquin Valley as reported in 2011 ($67,492/ton NOx), plus 5% for administrative costs (see Table 2 of Part A-2).
PART A-2

Table 1: Turbine Emission Comparison

<table>
<thead>
<tr>
<th>Annual Basis</th>
<th>Natural Gas¹</th>
<th>HECA²</th>
</tr>
</thead>
<tbody>
<tr>
<td>Net Megawatt-hours (MW-hr/yr)</td>
<td>3,023,388</td>
<td>2,243,040</td>
</tr>
<tr>
<td>NOx emissions (tpy)</td>
<td>144</td>
<td>123.5</td>
</tr>
<tr>
<td>NOx emissions per MW-hr (lb/MW-hr) net</td>
<td>0.09526</td>
<td>.0110</td>
</tr>
<tr>
<td>Natural gas equivalent NOx emissions (tpy) with HECA net MW-hr/yr</td>
<td>106.8</td>
<td></td>
</tr>
</tbody>
</table>

Notes:
1 – Information for a representative natural gas fired power plant was taken from the proposed emissions from the Avenal Energy Center’s Application for Certification and CEC Final Staff Assessment.
2 – HECA emissions include heat recovery steam generator and coal dryer emissions with hydrogen-rich fuel and natural gas usage including startup and shutdown.

Table 2: Cost Calculations

<table>
<thead>
<tr>
<th>Project</th>
<th>NOx (tons/year)</th>
<th>Difference (tons/year)</th>
<th>Cost of ERC ($/ton)</th>
<th>VERA fee ($)*</th>
</tr>
</thead>
<tbody>
<tr>
<td>HECA</td>
<td>123.5</td>
<td>16.7</td>
<td>67,492</td>
<td>1,181,135</td>
</tr>
<tr>
<td>Natural gas equivalent</td>
<td>106.8</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*Includes 5% administrative fee to cover District costs of contracting and administering emissions reductions
# Amended Application for Certification for the Hydrogen Energy California Project

## Docket No. 08-AFC-08A

**Proof of Service**

(Revised 3/4/13)

## Service List:

### Applicant

- **SCS Energy, LLC**
  - Marisa Mascaro
  - 30 Monument Square, Suite 235
  - Concord, MA 01742
  - mmascaro@scsenergyllc.com
- Tiffany Rau
  - 2629 Manhattan Avenue, PMB# 187
  - Hermosa Beach, CA 90254
  - trau@heca.com
- **Hydrogen Energy California, LLC**
  - George Landman
  - Director of Finance and Regulatory Affairs
  - 500 Sansome Street, Suite 750
  - San Francisco, CA 94111
  - glandman@heca.com

### Consultant for Applicant

- **URS Corporation**
  - Dale Shileikis, Vice President
  - Energy Services Manager
  - Major Environmental Programs
  - One Montgomery Street, Suite 900
  - San Francisco, CA 94104-4538
  - dale_shileikis@urscorp.com

### Counsel for Applicant

- **Michael J. Carroll**
  - Marc T. Campopiano
  - Latham & Watkins, LLP
  - 650 Town Center Drive, 20th Fl.
  - Costa Mesa, CA 92626-1925
  - michael.carroll@lw.com
  - marc.campopiano@lw.com

## Interested Agencies

- **California ISO**
  - e-recipient@caiso.com
- **Department of Conservation**
  - Office of Governmental and Environmental Relations
  - (Department of Oil, Gas & Geothermal Resources)
  - Marni Weber
  - 801 K Street, MS 2402
  - Sacramento, CA 95814-3530
  - marni.weber@conservation.ca.gov

## Intervenors

### Intervenors (Cont'd)

- **Environmental Defense Fund (EDF)**
  - Timothy O’Connor, Esq.
  - 123 Mission Street, 28th Floor
  - San Francisco, CA 94105
  - toconnor@edf.org
- **Natural Resources Defense Council**
  - George Peridas
  - 111 Sutter Street, 20th Fl.
  - San Francisco, CA 94104
  - gperidas@nrdc.org
- **Kern County Farm Bureau, Inc.**
  - Benjamin McFarland
  - 801 South Mt. Vernon Avenue
  - Bakersfield, CA 93307
  - bmcfarland@kerncfb.com
- **HECA Neighbors**
  - c/o Chris Romanini
  - P.O. Box 786
  - Buttonwillow, CA 93206
  - roman93311@aol.com

## Energy Commission Staff

- **Robert Worl**
  - Project Manager
  - robert.worl.energy.ca.gov
- **John Heiser**
  - Associate Project Manager
  - john.heiser@energy.ca.gov
- **Lisa DeCarlo**
  - Staff Counsel
  - lisa.decarmo@energy.ca.gov

DECLARATION OF SERVICE

I, Dale Shileikis, declare that on April 26, 2013, I served and filed copies of the attached SJVUAPCD Mitigation Agreement and Voluntary Emission Reduction Agreement, dated April, 2013. This document is accompanied by the most recent Proof of Service, which I copied from the web page for this project at: http://www.energy.ca.gov/sitingcases/hydrogen_energy/.

The document has been sent to the other persons on the Service List above in the following manner:

(Check one)

For service to all other parties and filing with the Docket Unit at the Energy Commission:

X I e-mailed the document to all e-mail addresses on the Service List above and personally delivered it or deposited it in the US mail with first class postage to those persons noted above as “hard copy required”;

OR

_____ Instead of e-mailing the document, I personally delivered it or deposited it in the US mail with first class postage to all of the persons on the Service List for whom a mailing address is given.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct, and that I am over the age of 18 years.

Dated: 4/26/13
