In the Matter of:

Docket No. 08-AFC-8A

The Application for Certification for the
Hydrogen Energy California Project

SIERRA CLUB STATUS REPORT No. 4

Pursuant to the Revised Committee Scheduling Order for the Hydrogen Energy California Project (HECA), issued on October 5, 2012; and the Notice of Committee Meeting and Notice of Status Conference, issued on December 24, 2012, Intervenor Sierra Club respectfully files this Status Report No. 4.

Sierra Club continues to work diligently to obtain further information to address its many concerns about the project. On December 20, 2012, Sierra Club filed a motion requesting the Commission extend discovery beyond the cutoff date so that Sierra Club can ask follow-up questions related to recently received information. Sierra Club's additional data requests are attached to that motion. To date, no party has filed an opposition to that motion.

Sierra Club supports the proposed changes to the Scheduling Order requested in Staff's Status Report No. 3, filed on December 20, 2012.

Due to a previously scheduled meeting out of state, counsel will be unable to attend the brief public portion of the Status Conference on January 10, 2013. A Sierra Club staff person will be logging into the webex, listening, and taking notes. Please accept this status report and Sierra Club's motion to extend discovery as Sierra Club's comments on the status of this proceeding. Counsel will attend the January 16, 2013 status conference.
