Hi John and all. Based on our review of the PMPD Errata that John sent out yesterday, we have only one suggested change:

Item # 21 (page 5 of Errata) - Item #20 has been revised to change the attainment date for the 8-hr ozone standard from 2013 to 2019 for Coachella Valley (and 2024 for the remainder of the SCAQMD). However, Item # 21 still reflects the attainment date of 2013 for Coachella Valley. This attainment date for Coachella Valley should also be revised to 2019 in item # 21.

Thanks and see you all tomorrow.
