**Cc:** Chris Romanini; DeCarlo, Lisa@Energy; Energy - Docket Optical System  
**Subject:** Response to Chris Romanini's 3/22/13 email regarding possible trespass by HECA staff

Kathy Rushmore and Dale Shileikis,

The attached was received on Friday, and docketed today. I am sending this to your team for your information.

In looking at the photos and the maps, it appears that a HECA rep walked partway into this agricultural field to take the Stockdale Crossing looking North (#624). Though this route does not appear to be gated or posted, if a request for access was denied by the land owner it should have been respected.

Please, pass on the Romanini's concerns to the appropriate HECA team member(s).

Thank You For Your Help!

/s/ Bob Worl

Subject: HECA Trespassed

HECA asked permission to enter our fields, and we denied them. Yet, they obviously DID trespass into our field to take photo #624, posted on the CEC web site March 21, 2013. Please see second supplemental response to

CEC data request A155, Exhibit C #624.

HECA is showing it's disrespect for it's neighbors, again. We are not pleased.

HECA is not to trespass onto our property again, or we will bring charges.

I ask the CEC to reject data request A155 as incomplete.

John Romanini And Sons
