Dear Librarian:

**DOCUMENT HANDLING FOR THE STARWOOD POWER PROJECT (06-AFC-10)**

The enclosed Preliminary Staff Assessment (PSA) contains the California Energy Commission (Energy Commission) staff's draft environmental and engineering evaluation of the Starwood Power Project. Please make this PSA available for those who may wish to be informed about the project. We request that you not allow the PSA or any of its contents to be removed from the library. To increase accessibility of the document, we ask, if possible, that you cross reference it as a general reference work under the title and author categories, as well as under such subjects as "Energy Commission," "electricity energy/generation," "power plant siting," or any other relevant subject. Please retain the enclosed letter to the public behind the front cover of the PSA.

The Energy Commission's siting process is open to the public and incorporates the input of the public as well as local, state and federal agencies. To facilitate public participation in our review process, the Energy Commission distributes copies of staff documents such as the PSA to public libraries in communities near the proposed project and in major cities throughout the state.

Thank you for your cooperation. If you have any questions, please contact Che McFarlin, Project Manager, at (916) 651-0965, or by e-mail at: [cmcfarli@energy.state.ca.us](mailto:cmcfarli@energy.state.ca.us).
