Subject: Re: Pre-Hearing Conference Date for Starwood Power

Please docket the attached email chain for the Starwood Power Project (06-AFC-10).

Thank You

Che

Che,

Perhaps the Applicant is also wanting to have a combined PHC and Evidentiary Hearing, too. Well, there are some substantive things that I know I want to address, most of which I talked to you about. All the cumulative impact sections must have the words "pending and future projects" with some level of review. I am also interested in the school bus stop stuff, too. If all of that is there, then there is a chance of a combined proceeding early.

Why don't you let me know as we get closer to the 5th if that is a good date. In the meantime I will approach the Committee on a mutually good date for them.

Thx.

Garret

Garrett,

The applicant has expressed their desire to wrap up the proceedings for this project by the end of the year if possible. I'll be submitting a brief status report to that effect within the next week. If the FSA was published on 10/5/07 when would you expect to hold the pre-hearing conference? It looks like the first real opportunity may be 10/24/07 but of course that's your call.

Thanks

Che McFarlin
