FOR RELIABLE ENERGY

California Unions for Reliable Energy (“CURE”) submits this response to the Applicant’s proposed schedule and request for a revised scheduling order in this proceeding.

In an effort to meet both the intent of the Memorandum of Understanding (“MOU”) between the Bureau of Land Management and the California Energy Commission and the desire of the Applicant to take steps to advance the schedule in this proceeding, CURE proposes that Commission staff release a working draft of the Preliminary Staff Assessment (“PSA”) in early November. Since the Energy Commission’s rules and regulations permit any number of workshops, a working draft PSA workshop could be held in early December. This compromise would enable the parties to more thoroughly evaluate the issues before the Joint PSA/Draft Environmental Impact Statement (“EIS”) is released without violating the terms of the MOU.
