Subject: Ivanpah status (07-AFC-5)

Gentlemen:

On Friday Eric Knight asked for additional time to file Staff's status report for Ivanpah, in order that it could further discuss the processing time lines with the BLM. I agreed to an extension until this upcoming Friday, September 12.

In light of the applicant's concerns about the progress of the AFC, we request that Staff's status report address those concerns and specific proposals in the applicant's status report such as providing completed sections of the PSA/Draft EIS to the BLM for internal review.

Paul Kramer
Hearing Adviser
