In the Matter of:

Docket No. 06-AFC-2

**PETITION TO INTERVENE BY
CALIFORNIA UNIONS FOR RELIABLE ENERGY**

Pursuant to sections 1207 and 1712 of Title 20 of the California Code of Regulations, the California Unions for Reliable Energy ("CURE") petitions to intervene in this proceeding.

Section 1207(a) grants "any person" the right to file a petition to intervene which sets forth "the grounds for the intervention, the position and interest of the petitioner in the proceeding, the extent to which the petitioner desires to participate in the proceedings, and the name, address, and telephone number of the petitioner." Section 1207(c) provides that the "presiding member may grant leave to intervene to any petitioner to the extent he deems reasonable and relevant...."

cases, finding CURE's interests "undeniably relevant" to the proceedings. (In the Matter of Application for Certification for the High Desert Power Project, Docket No. 97-AFC-1, Order Granting Petition to Intervene at 2 (Dec. 24, 1997).) The same decision should be reached here.

CURE is currently assessing its interest to determine its level of participation in this proceeding. Filings should be served on CURE at the address listed below.

For the foregoing reasons, CURE respectfully requests that the Commission grant its petition to intervene in this proceeding, and allow CURE to participate as a party.

Dated: September 14, 2006 Respectfully submitted,
