3. Petitioner is not a member of a group or organization already a party to this proceeding.

4. Petitioner seeks to intervene in this proceeding because:

The California Native Plant Society (CNPS) works to protect California's native plant heritage and preserve it for future generations. CNPS promotes sound plant science as the backbone of effective natural areas protection. The proposed Ivanpah Solar Electric Generating System (ISEGS) project poses significant ecological impacts to several rare native plant species that occur on the project site. CNPS wishes to participate in the proceedings in order to ensure that potential direct, indirect, and cumulative impacts of the proposed ISEGS project on the viability of desert plant habitat are fully evaluated, that project alternatives that address plant habitat conservation are developed and, if implemented, that appropriate mitigation is required.

5. Petitioner agrees that if a document is served upon me via email, an additional paper copy by mail is not necessary.
