**Re: IVANPAH SOLAR ELECTRIC GENERATING SYSTEM**

**(Docket Number 07-AFC-5)**

To whom it may concern,

I am writing as a concerned student of a science class at Saint Leo University in Florida. We studied the proposal in class, and I conclude that the (ISEGS) project will be detrimental to the endangered tortoises. The idea of clean renewable energy and green technology should be the goal of the United States. However, the placement of the project defeats the purpose of working with our environment in a friendly manner.

Sincerely yours,
