)	REQUEST FOR DELAY
_____)	PUBLIC HEARING

The Power of Vision respectfully asks the California Energy Commission to delay the public hearing on the Preliminary Staff Assessment, scheduled for January 7-8, 2009 in Carlsbad until the end of January/beginning of February. The PSA is not scheduled to be completed and available for public scrutiny until December 11, 2008. It is unreasonable to expect citizens to study an expected 1000 page document and make preparations for a public hearing in less than a month. With the additionally time delay of the holiday week, it makes the thorough study of the document even more difficult. The delay of three weeks should not materially disrupt the process.

Thank you for considering Power of Vision’s request. Our desire is to be adequately prepared for this very important public hearing.
