Subject: Information Submitted under Confidentiality pursuant to 20 CCR §2505;  
Response to Data Request Nos. 35, 36, 37, 38, 47, 50 and 51,  
Orange Grove Project, San Diego County, California  
Docket Number: 07-SPPE-02

Dear Mr. Blevins:

Enclosed are one copy of a confidential supplemental archaeological survey report and four copies of a confidential records search report related to cultural resources in the vicinity of the Orange Grove Project in San Diego County, California. These confidential materials are submitted in response to California Energy Commission (CEC) staff Data Request Nos. 35, 36, 37, 38, 47, 50 and 51 dated September 5, 2007, for the Orange Grove Project Small Power Plant Exemption Application filed with the CEC on July 19, 2007.

Applications for confidential designation are attached. The confidential designation is requested because these materials contain locations and descriptions of potentially sensitive Native American sites and other cultural sites identified by the cultural resource assessment work conducted for the project. Please contact Joe Stenger at TRC at (805) 528-6868 with any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Thome".

Stephen Thome  
Vice President of Development  
Orange Grove Energy, L.P.
