Petition to Intervene
In the Matter of
The Orange Grove Power Plant Project
Anthony J Arand
Envirepel Energy Inc.

Vista, CA 92081

E-mail: tony@envirepel.com

The interest of the petitioner (Anthony Arand) in the preceding is to ensure the Orange Grove Power Plant Project undergoes the full permitting process under California Energy Commissions Title 20.

The petitioner is opposed to the Small Power Plant Exemption for the Orange Grove Power Plant Project. The immediate concern of the petitioner is that if the sections of Appendix B under Title 20 aren't addressed, the environment in Fallbrook and its surrounding areas will be adversely affected. The current system interconnect cannot support a project of this size without major upgrades. The Orange Grove Power Project simply does not qualify to be exempt from the comprehensive 12 - month permitting process.

The petitioner desires to participate and be informed in all aspects of the Orange Grove Power Plant Project application process.
