Orange Grove Project, San Diego County, California
Docket Number: 07-SPPE-02

Dear Mr. Blevins:

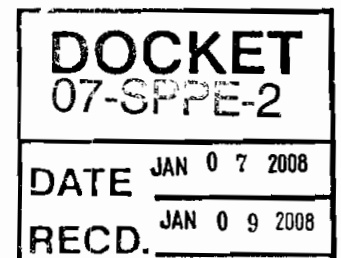

Enclosed are confidential Exhibits 129-1, 129-2, and 135-1 related to cultural resources in the vicinity of the Orange Grove Project in San Diego County, California. These confidential materials are submitted in response to California Energy Commission (CEC) staff Data Request Nos. 129 and 135 dated December 6, 2007, for the Orange Grove Project Small Power Plant Exemption Application filed with the CEC on July 19, 2007.

An application for confidential designation is attached. The confidential designation is requested because these materials contain locations and descriptions of potentially sensitive Native American sites and other cultural sites identified by the cultural resource assessment work conducted for the project. Please contact Joe Stenger at TRC at (805) 528-6868 with any questions regarding this matter.

Sincerely,
