 I actually meant both, but since you are with the Ridgecrest proposal, than please consider this comment. There is simply no way that we can review the document under the unreasonable time frame you are giving us. This is ridiculous.

Thank you,

Kevin

Kevin,

Did you mean to say the "Ridgecrest Solar Power Project" or Palen? I'm the project manager for Ridgecrest. I've copied Alan Solomon who is the PM for Palen and Blythe projects.

Hello,

I would like to request that the deadline be extended for the scoping of the proposed Chevron Energy Solutions/Solar Millennium Palen and Blythe Solar Power Plants. December 22nd is a time when few people comment due to the Holidays.

Thank you
